

Meeting 09/09/2022 - Charles and G; 9:11 AM - 10:45AM

- We met to discuss finalize the draft of the problem statement and create a third draft of the ERD based on input from Dr. Leonard prior to class on 09/07/2022
- G completed describing all the entities and their desired attributes, including those attributes that will be necessary to define relationships in the ERD
- Charles completed the contextualization of the problem as well as definition of users/roles/user_groups.
- All of these were typed into our LaTeX document in Overleaf

- Together we came up with a third draft of the ERD and a number of queries written in plain english
- Emailed Dr. Leonard about meeting to discuss the progress so far
